
Sathavahana shut down pig iron plant for maintenance

Friday, 21 Aug, 2009

Sathavahana Ispat has shut down the pig iron making plant situated at Haresamundram village, Bommanahal Mandal, Anantapur District of Andhra Pradesh effective from August 17th 2009.

The plant is temporarily shut down for relining of blast furnace and for other repairs which will last for about six weeks. The plant operations will be resumed after these works are completed.
