
Orissa approves 8 bio mass power projects

Sunday, 28 Jun, 2009

Projects Today reported that the Orissa Government, in its bid to encourage power generation from waste has given its accord to 8 bio mass based power projects with a combined generation capacity of 90 MW by private developers.

The proposed projects are likely to be set up in Raygada, Nawarangpur, Ganjam, Nayagarh, Khurda, Dhenkanal and Puri districts. The cost per MW of power is expected to be between INR 4.5 crore to INR 5 crore depending on the location and evacuation facilities.

Moreover, the Sali Vahana Green Energy is planning to set up a 20 MW bio mass based power plant in Dhenkanal and Satya bio power Industry, a 10 MW plant in Ganjam. Prasad bio energy plans to set up a 10 MW unit in Raygada. While Jaylaxmi bio energy Limited to set up a 10 MW unit in Nayagarh another plant of similar capacity by Andhavarapu bio energy is likely to come up in Nawarangpur. Sampath Power Projects and Falcon Green Energy propose 10 MW capacity units each in Khurda and Puri respectively.
