## Know domestic steel prices in India on daily basis

Wednesday, 01 Jul, 2009

A steel producer, user or trader, however big or small, is always concerned about steel prices as steel is normally a big ticket item, but there is no bench mark available to steel buyers to compare their transaction prices. Steel has been very volatile in last 11 months and has effected many users in a very severe way making it all the more important to track the prices and trends.

www.steelprices-india.com is a new portal that provides domestic pricing information for benchmark steel products in each category at select location in India on a regular basis 5 days a week.

In addition, FOB levels for commonly exported steel products from major exporting nation Ukraine, Russia, Turkey and China are also available on weekly basis to give international trends.

This would assist persons, including steel makers, traders, users, analysts and others, who are connected with industry in some way to asses the steel pricing trends and utilize them in their day to day working to take considered decisions.

Benchmark products at select locations cover the entire basket of garden variety of steel products including input material for steel making and processing. The product covered include iron ore, sponge iron, pig iron, scrap, pencil ingot, billets, rebars, sections, HR, plates, CR and HDG.

The locations are Agra, Alang, Ahmedabad, Bangalore, Barbil, Bellary, Chennai, Hyderabad, Ghaziabad, Indore, Jalandhar, Kandla, Kanpur, Kolkata, Ludhiana, Mandi Gobindgarh, Mumbai, Muzzafarnagar, New Delhi, Pune, Raipur and Rudrapur.
