
Three large projects inaugurated in Khorasan Razavi province

Wednesday, 01 Jul, 2009

Mehr News Agency reported that three large development projects, including Iran's biggest multi storey car parking, a 40,000 tonnes wheat silo and a center for Iran and Turkey joint trade cooperation came on stream in northeastern Khorasan Razavi province.

As per report, the parking tower project cost over IRR 500 billion to complete. It measures 31,000 square meters in superstructure, comprises 18 floors and has the capacity of 600 cars.
