
L&T bags INR 651 crore orders

Thursday, 02 Jul, 2009

It is reported that L&T has secured INR 651 crore orders for 2 hydrocarbon projects.

However, L&T bagged a INR 440 crore order from HPCL-Mittal Energy Limited to build a Greenfield refinery project at Bathinda in Punjab. The HMEL project is expected to be executed by the Construction Business Unit of L&T's E&C Division. The scope of work includes construction of electro mechanical sections for seven process units for the Guru Gobind Singh Refinery project. The process units comprise motor spirit block, diesel hydrotreater, delayed coker unit, vacuum gas oil hydro treater, FCC unit, poly propylene unit and LPG units. The project is slated to be completed in 17 months.

As per report, the second order worth INR 211 crore has been awarded by Engineers India for the supply and construction of a reactor and regenerator system for the Fludized Catalytic Cracking unit of Manalore Refinery & Petrochemicals.

Meanwhile, this order is to be executed jointly by the Construction Business Unit and the Heavy Engineering Division. The order includes supply and erection of reactor, regenerator and orifice chamber with structural, refractory lined piping works including painting, insulation & refractory works for the FCC unit for Phase III of the project, which is to be completed in 24 months.
