
Areva T D bags order from Hindalco for conversion substations

Thursday, 02 Jul, 2009

Areva T&D India Limited has announced that the company has been awarded order from Hindalco for 2 x 220 KV Conversion Substations. The order involves design, supply, installation and commissioning of 5x100 KA, 1650 VDC rectifier stations, at each location of Bargwan (Singrauli-Madhya Pradesh) and Lapanga (Sambalpur-Orissa).

With this new Conversion Substations order from Hindalco, the company has consolidated its leading position in the electrolysis segment in India and is looking for the future growth of the electrolysis Industry in the country.
