## **Amana wins contract from AOFT of Oman to construct fabrication workshop at Rusayl**

*Friday, 03 Jul, 2009*

Advanced Oil Field Technology Company has awarded Amana Contracting & Steel Buildings of UAE a design build contract to construct a fabrication workshop at Rusayl, 40 kilometers west of Muscat.

Work on the project is expected to start in mid-July and will require 240 days to complete.

Amana Contracting and Steel Buildings is a leading regional turnkey contractor with twelve operational offices in the Middle East.
