## **Longteng Special Steel plans 2 million tonnes projects in Maanshan**

*Saturday, 04 Jul, 2009*

Maanshan Daily reported that heads of Changshu Longteng Special Steel Co Ltd visited Maanshan City on July 1st and had talks with local Govs on the intention of launching a 2 million tonnes per year special steel project.

According to the report, the municipal officials expressed in their talks that the Govs would give aids to the project.

Longteng Special Steel is known as the largest production bases of HR steel balls, pipe-staked accessories and HR flat steels for flat knitting machines in China.
