
Confidence Petroleum begins production at Visakhapatnam plant

Sunday, 05 Jul, 2009

It is reported that Confidence Petroleum has commenced commercial production at CNG and high pressure cylinder manufacturing plant at Visakhapatnam SEZ in Andhra Pradesh.

The plant has a capacity of manufacturing 300,000 cylinders per annum in its first phase. The plant is designed and developed with state of the art technology, fully equipped with sophisticated machineries and facilities to meet the domestic as well as global demand of CNG and high pressure cylinders.
