## **Chengde Xinxin daily output breaks 5,000 tonnes**

*Thursday, 16 Jul, 2009*

It is reported that Hebei-based Chengde Xinxin Vanadium & Titanium Co Ltd has rolled out 5,278 tonnes of products on July 9th from its 1780 production line which breaks the goal of 5,000 tonnes per day in the history.

As per report, since the production resumption of 1780 line, the steel mill's daily output hits over 4,000 tonnes on average especially in July which creates solid conditions for the production.
