
Suzlon Energy completes 19.5 MW wind farm project

Thursday, 15 Oct, 2009

Wind turbines manufacturer Suzlon Energy on Wednesday said it has completed and commissioned a 19.5 MW wind farm project for Gujarat Mineral Development Corporation in Rajkot district of Gujarat.

Suzlon Energy in a statement to the Bombay Stock Exchange said that the project comprises 13 units of Suzlon's 1.5 MW wind turbines and has been commissioned almost two months ahead of the contractual commissioning period.

However, the company did not disclose further details in this regard.
