## **KEC International bags INR 470 crore order**

*Friday, 23 Oct, 2009*

Power transmission company KEC International said that it has bagged orders aggregating INR 470 crore from West Asia and Africa to design, engineer and supply power distribution equipment.

KEC International in a filing to BSE said that the company has bagged orders from clients in Saudi Arabia and Chad for construction and supply of power distribution equipment.

The filing added that the company has bagged the first order worth INR 300 crore from Saudi Electricity Company for the construction of a power transmission line in Riyadh. It has bagged another order worth INR 100 crore from the Ministry of Water & Electricity, Saudi Arabia for construction of a transmission line.
