
China Modern Logistic Port settles in Sichuan Meifudi Steel Logistic Project

Tuesday, 27 Oct, 2009

Suining Daily reported that that West China Modern Logistic Port has successfully settled in Sichuan Meifudi Steel Logistic Project.

As per report, the project with the planned investment of CNY 300 million in total is aiming to build a logistic center for spot trading, processing and electronic transaction. And it will gain CNY 10 billion of sales income with CNY 15 million of profit tax after it completes.
