
Baosteel ink alloy steel plates contracts with 34 customers

Wednesday, 11 Nov, 2009

New alloy plate production line in Baoshan Iron & Steel Co Ltd Special Steel Business Unit has gone through trial manufacturing stage with fine performance.

Till end of October, thirty four customers in industries of pressure container, power and electrics, machinery manufacture, petrochemical had signed purchase contracts with Baosteel Special Steel Business Unit, ordering amounts accumulating to over 6,000 tonnes.

It was reported Baosteel Special Steel Business Unit would further strengthen market expansion based on market-orientation, integrate final-period trial and manufacture with market development, bringing into play advantages of first domestic alloy plate production line to lay sound foundation for products entering market in the next year.
