
First Chinese ferroalloy exchange inaugurated in Tianjin

Wednesday, 11 Nov, 2009

It is reported that China first ferroalloy exchange opened recently in Tianjin which is also the first electronic trading platform in the global range.

China has become the world largest ferroalloy producer, consumer, and exporter in recent years whereas Tianjin is one of China largest ports for the import and export of ferroalloy.

From January to September of this year, China produced altogether 15.195 million tonnes of ferroalloy, 4.4% more than one year prior.
