
Portland Aluminum confirms finalized staff restructure

Wednesday, 18 Nov, 2009

Minerals Processing reported that Portland Aluminum has confirmed the staff restructure announced in mid August has been finalized.

The report said that some employees accepting role changes and 9 employees accepting redundancies.

In April 2009, Portland Aluminum announced a 15% curtailment in production and a target to reduce overall costs by 10% to 15%.

Mr John Osborne operations manager of Portland Aluminum said that the business has worked consultatively with employees, unions, contractors and suppliers since the announcement.

Mr Osborne said that there have been a number of employees who have accepted other roles within the business and a redundancy program has been implemented through a restructure of the staff area. He said that cost cutting still remains a priority and the business still had more work to do to ensure its long term sustainability.
