
Final call for listing of Indian scrap users and agents

Thursday, 19 Nov, 2009

The Indian steel scrap market is quite defragmenter and not much information is available readily. We often get requests from our readers to provide such details. To assist the players in the steel scrap supply chain, we are preparing a directory containing the contact details of users, traders, importers and overseas suppliers.

We have already compiled more than 2,000 entries and plan to release this directory by next week end.

If you are part of the steel scarp market, you could send us the following details for free listing in the upcoming directory - "Indian steel scrap supply chain" strictly in the following format with al details

Company Name -
Website -
Contact Person -
E Mail -
Phone -
Fax -
Mobile -
Address -
State -
City -
Country -
Area Code -
Phone Code -
Business - Steelmaker / Agent / Overseas supplier

Kindly send the information by e mail at reports@steelguru.com

In case you are interested to advertise in this directory, please send a mail to adverts@steelguru.com
