
Lindab bags SEK 50 million order in Russia

Friday, 14 Sep, 2007

Swedish ventilation and construction systems provider Lindab International AB said that it has secured a SEK 50 million order in Russia. The order covers the delivery of 4 pre engineered single and multi storey steel buildings for use as leisure centers in the Nizhniy Novgorod region of Russia

The order will be carried out by Lindab's building systems subsidiary Lindab Astron.

Grevie based Lindab develops, manufactures and markets sheet metal products and system solutions for the construction sector. It has 5,000 employees in 29 countries and reported sales of SEK 7.61 billion in 2006.
