## **Laisteel improves yield in H beam manufacturing**

*Wednesday, 14 Nov, 2007*

It is reported that quality loss in manufacturing of H steel by Laisteel has dropped to CNY 2000 in September as compared to CNY 5177 in August.

Factory Manager of Laisteel said that “Only one demurrage on quality loss in September loss per tonnes is only 1.04 cent, which is the lowest record for the recent two years.”
