
Khpw plant to supply 40,000 tonnes of pipes for Kazakhstan

Saturday, 22 Mar, 2008

Ukrainian Khpw pipe plant, a subsidiary of Metinvest Group, has announced to supply steel pipe products for Kazakhstan's oil pipeline project.

Khpw pipe plant is planning to produce and supply 7,000 tonnes of big diameter steel pipe with 813mm and 9.5mm thickness in March 2008 and total supply volume will reach 40,000 tonnes.
