
NRW secures AUD 69.5 million Hamersley project

Tuesday, 29 Jul, 2008

Western Australian mining services company NRW Holdings has received a letter of intent to award it a AUD 69.5 million contract for plant bulk earthworks at Hamersley Iron's Brockman 4 project.

Under the deal, NRW will construct general civil works for crushing, screening and load out facilities at the project, as well as access roads, drainage, pipe works and an explosives store facility.
