
Tehran to host 8th non ferrous metals industries fairs

Tuesday, 19 Aug, 2008

MNA reported that concurrent with the 8 International Exhibition on Environment, the first Non Ferrous Metals Industries Fair will be held on August 18th at Tehran Permanent International Fairgrounds and will run to August 21st.

The aim behind the expo is to provide an insight into the capabilities of domestic and foreign producers.

According to IRNA, some 238 Iranian and foreign companies from Germany, France, Italy, Norway, the UK, Thailand and Denmark will participate in the International Environment Exhibition in an area covering 15,000 square meters. Meanwhile, some 57th domestic companies will take part in the Non Ferrous Metals Industries fair, covering an area of 2,050 square meters.
