
Qatar German Switchgear awards factory contract to Amana

Friday, 27 Mar, 2009

Amana reported that Qatar German Switchgear has awarded Amana a turnkey contract for the construction of Qatar German Switchgear factory at New Industrial City.

As per report, the 18,260 square meter facility will be built on 14,800 square meters of land. The specifically designed factory will be constructed on a fast track basis with construction work beginning at the end of the month and will take 365 days to complete.

Amana Contracting and Steel Buildings is a leading regional turnkey contractor with eleven operational offices in Middle East.
