
BMZ scrap purchase price continue to decline

Monday, 30 Mar, 2009

The prices of steel scrap 3A grade in Byelorussian steel works are in about USD 162 per tonne DAF for 3rd decade of March.

Thus the prices have declined further by USD 20 per tonne to USD 142 per tonne to the levels of the 1st decade of March.

According to the Ruslom.ru information the price of steel scrap 2A, 1A, 4A grades in BMZ equal to USD 162 per tonne DAF for 3rd decade of March.

Ruslom.ru has been informed that BMZ scrap consumption for 50% to 60 % supplied with steel scrap imported from Russia.
