
TKV reports exploitation of 10.7 million tonnes of coal in Q1

Tuesday, 07 Apr, 2009

Vietnam Coal and Mineral Industrial Group announced that a total exploitation of 10.7 million tones of coal in the Q1. Of the total 9 million tonnes of clean coal already sold in the first three months of 2009, 5 million tones have been exported.

The group has reported total revenue of VND 10.8 trillion, VND 6.9 trillion comes from coal production.

Thus, coal exploitation in the Q1 was equivalent to 89% of the same period last year and 28% of the target set for the whole year this year.
