## **Tehran to host seminar on wind energy**

*Thursday, 09 Apr, 2009*

IRNA reported that a seminar themed 'Investment Opportunities of Wind Energy' will be held here on May 4 in cooperation with Renewable Energies Organization.

According to a report by the website of Energy Ministry, the event aims to make the investors and financial institutes acquainted with attractions of the industry.

Topics for discussion at the seminar include wind energy in Iran and world, measures taken recently to develop wind power plants in Iran, advantages of investment in wind power plants and use of modern technologies in wind energy.
