## **Godawari Power starts commercial operations at Ari Dongri Mines**

*Tuesday, 14 Apr, 2009*

Godawari Power & Ispat on Apr 11th 2009 has initiated commercial mining operations at its Ari Dongri Iron Ore Mines.

The company affirmed that the factory site has received the first consignment of the iron ore mined at the said mines on the same day.

According to the mining plan, the annual rated capacity of aforesaid Ari Dongri Iron Ore Mines is envisaged at 600,000 tonne per annum and the company plans to achieve the rated capacity in couple of months, barring unforeseen circumstances.
