
TISCO expects more order in Q2

Tuesday, 19 May, 2009

China's Taiyuan Iron & Steel Co Ltd said that it is planning to increase output in the second quarter as customers came back to place order recently.

TISCO's CR stainless steel output reached 100,000 tons in the first quarter of 2009, and estimated to reach 130,000 tons in April.

The company also expected to yield 150,000 tons per month in June and July. Besides, the company said that order recovery mostly is attributed to orders from trading companies.
