
Steel logistic base in Wuxi vocational education park

Friday, 26 Jun, 2009

It is reported that the foundation stone laying ceremony of Jiangsu Longzhijie Steel Trading Center was held June 20th in the business circle of Wuxi Vocational Education Park, Jiangsu province, marking the official start of construction of this aircraft carrier-sized steel logistic base across the country.

Boasting the reputation of the land welding pipe and CR products, coupled with huge demand for steel in surrounding areas, the service industry directed at steel trading is booming in this place. The construction of the Center will further promote the development of modern service industry in the Park.

As per report the Center funded CNY 300 million with a building area of 100,000 square meters is expected to be put to service by the end of the next year. The Trading Center, once completed will be a large sized business center a collection of modern steel trading, financial service express hotel as well as other adequate and systematic business services. It will then absorb more famous enterprises and enjoy an advantage in resources and concentration.
